

La RED de Padres Activos

Network of Active Parents

EDUCATION

THE CHALLENGE

Did you know that in Hillsborough County, Latinos are the youngest, largest and fastest growing minority group, making up more than 25% of our population, yet in elementary school, Hispanic children are under performing dramatically!

La RED de Padres Activos program helps prepare these kids for lifelong success by engaging parents – early on – to become bigger, stronger, and more influential in their children’s educational careers.

OUR PROGRAM STRATEGY

By joining HSC’s La Red initiative, Hispanic parents can help ensure the educational success of their children by learning important skills that show how to:

- Share personal experiences to help nurture their child’s growth;
- Gather new techniques to support their child’s development;
- Learn how to advocate for their child’s academic success;

- Strengthen teaching skills to help their child become a great student; and
- Access resources to help their family stay healthy, happy and whole.

EASY, FREE ACCESS!

Best of all, La Red is FREE of charge and now serves the Drew Park, North Tampa, Palmetto Beach, Plant City and Wimauma communities.

To learn more about this exciting initiative, visit us online at www.HispanicServicesCouncil.org or call 813.936.7700.
